

"At the Heart of What Drives Your World"

**Regal Beloit Corporation** is a publicly owned corporation (NYSE: RBC) with operations worldwide. Regal Beloit is a leading manufacturer of electrical and mechanical motion control and power generation products serving markets throughout the world. Annual sales exceeded \$2B in 2008. Regal Beloit is headquartered in Beloit, Wisconsin, and has technology, manufacturing, sales, and service facilities throughout the United States, Canada, Mexico, Europe and Asia.

Regal Beloit has been listed as one of "America's Best-Managed Companies" on *Forbes* magazine's 400 Best Big Companies list (January 2007), and as one of "America's Fastest Growing Companies" in *Fortune* magazine (September 2007).

**Job Title:** Sr. Project Lead, Business Intelligence

Regal Beloit Corporation is seeking to fill a Sr. Project Lead, Business Intelligence position for its global Oracle Center of Excellence housed at the Company's LEESON facility in Grafton, Wisconsin.

**Location:** Grafton, WI

**Duties/Responsibilities:**

Will provide business intelligence (BI) information technology solutions for the Company's data collection, access and processing needs in the areas of global supply chain and order management by working collaboratively with management and business users to identify and propose projects which utilize data warehousing and BI technologies (primarily Oracle BI Suite) to provide support for tactical, operational and strategic corporate goals.

**Education:**

Requires Masters degree, or foreign equivalent, in a field of Information Technology, Computer Information Systems or Business Administration (concentrating in IT or CIS) or closely related plus three years of experience utilizing information data integration software, Oracle BI Suite and multiple relational database management systems/servers (SQL) to design, develop, implement and support data analysis, data modeling, ETL or data warehouse/data mart/multidimensional database architecture efforts for enterprise-level BI solution projects.
