DURST

Durst
5560 East Buss Road
Clinton, Wisconsin 53525-8806
United States
Phone: +1 800 356-0775
website: www.durstdrives.com

Products: Standard, Modified & Custom Pump Drives, Zero Offset Direct Drives, Transfer Cases, Mechanical Transmissions, Worm Gear Drives, Parallel Shaft Drives, Bevel Drives, Axle Drives, Wheel & Center Pivot Drives, Turning Gears, Customer Gearing and Custom Gearboxes.

Markets: Primary: Agriculture, Construction and Power Generation. **On-Highway Applications:** Refuse Trucks, Delivery Trucks and Salt & Sand Spreader Vehicles. **Off-Highway Applications:** Paving, Special Vehicle, Oil Industry Equipment, Material Handling, Rail Maintenance, Irrigation Field Equipment, Steam Turbines, Forestry, Mining, Lift Trucks and Tow Tractors.

Fasco
1401 East North Street
Eldon, Missouri 65026
United States
Phone: +1 800 325 8313
websites: www.fasco.com

Aftermarket Products: C-Frame Motors, Unit Bearing Motors, 3.3" Diameter Motors: General Purpose Motors, Refrigeration Fan Motors, Evaporator Coil Motors, Self Cooled Motors, Window A/C Motors, Flue Exhaust and Draft Booster Blower Motors; **4.4" Diameter Motors:** General Purpose Motors, Fan Coil Air-Conditioning and Heating Unit Motors, Refrigeration Fan Motors; **5.0" Diameter Motors:** Condenser Fan & Heat Pump - Cap-Can Construction, Fan Coil Air-Conditioning and Heating Unit Motors, Direct Drive Blower Motors, Ventilator and Unit Heater Motors; **5.6" Diameter Motors:** Condenser Fan Motors, Multi-Purpose Motors, Direct Drive Blower Motors, Unit Heater Motors, Window A/C Motors, 50Hz Export Motors, Pedestal Fan Motors, **NEMA 48 and 56 Frame Motors, Blowers, Centrifugal Blowers, Transflo® Blowers, OEM Direct - Water Heater Draft Inducers, OEM Direct Replacement Models, Contactors, Fan Blades, Blower Wheels, Accessories, PROLINE™ Capacitors**

Aftermarket Markets: Appliance, HVAC, Medical Device, Business Machine, Pump, Mechanical, and Commercial Refrigeration

Fasco
2401 East Sunshine Street
Springfield, Missouri 65804-1822
United States
Phone: +1 417 875 7163
websites: www.fasco.com

OEM Products: Fractional HP AC Induction and Electronically Commutated Motors and Blowers

OEM Markets: Appliance, HVAC, Medical Device, Business Machine, Pump and Mechanical

Genteq®
1946 West Cook Road
Fort Wayne, Indiana 46818-1166
United States
Phone: +1 260 416 5400
website: www.genteqmotors.com

Products: Residential and Light Commercial Motors: EON, 3.0, 2.3, X13, 142R, PSC

Aftermarket Motors: Evergreen AH, Evergreen IM, Evergreen CM, Heatshield Multi-Horsepower, Energy Saver Plus, Direct Drive Fan & Blower, Condenser Fan & Heat Pump, Unit Heater Fans, OEM Replacement Motors

Capacitors: Oil-Filled, Motor Run, HID Lighting, General Purpose, **Dry:** Motor Run, Motor Start, HID Lighting, **Electrolytic:** Screw Terminal, Snap-In, Dry Axial-Leaded, PROLINE, Life-Line Capacitor Kit

Accessories: TECMate Pro, ECM Service Guide, Evergreen Motor Mounting Kits, Capacitor Mounting Brackets and Protective Boots

Markets: AC electric motors and capacitors for both residential and commercial applications.

Capacitor Markets: HVAC, Motors, HID Lighting, Uninterruptible Power Supplies, Power Factor Correction, Compression, Compressors, Appliances, Escalators, Elevators, Wind Energy, Welding Machines, Locomotives and ATM Machines

GROVE GEAR ELECTRA-GEAR

Grove Gear / Electra-Gear
1524 15th Avenue
Union Grove, Wisconsin 53182
United States
Phone: +1 262 878 1221
website: www.grovetgear.com

Products: Cast Iron, Aluminum and Stainless Steel Right Angle Worm Gear Reducers; High Efficiency Right Angle Gear Reducers; Ratio Multipliers; Modified Stock Reducers; BRAVO® Aluminum Worm Gear Reducers; LeCentric™ Aluminum High Efficiency Gear Reducers; Helical-Inline, Helical-Worm, Helical-Bevel and Parallel Shaft High Efficiency Gear Reducers.

Markets: Industrial and Specialty Applications

FOOTE-JONES

Hub City, Inc. / Foote-Jones
2914 Industrial Avenue
Aberdeen, South Dakota
57402-1089
United States
Phone: +1 605 225 0360
websites: www.hubcityinc.com

Products: HERA™ Gear Drives, Line-O-Power™ Concentric Drives, Uni-Power™ High Efficiency Gear Drives, Max-Power™ Drives, Worm Gear Speed Reducers, Spartan Aluminum Worm Gear Drives, Bevel Gear Drives, Cooling Tower Drives, Parallel Shaft Drives, PowerTorque™ Shaft Mount Reducers, Poweratio® 4000 & Spartan High Efficiency Helical In-line Drives, Poweratio® 2000: High Efficiency Compact Helical Parallel Drives, High Efficiency Helical-Bevel Gear Drives, Helical-Worm Gear Drives; IndustrialLine™ Mounted Bearings, DuraLine® Mounted Bearings, CleanLine™ Washdown Pharmaceutical and Food Processing Solutions, Mina-Gear™ Gear Drives, Farm Products and Accessories.

Markets: Material Handling, Packaging, Medical Equipment, Food Processing, Transportation, Construction, Aero-space and Marine Applications

Leeson Canada
320 Superior Boulevard
Mississauga, Ontario L5T 2N7
Canada
Phone: +1 905 670 4770
website: www.leeson.ca

Products: AC Motors and Drives – Commercial, Industrial and Residential, DC Motors and Drives, Brakes and Brake Parts, Capacitors, Gear Reducers, Industrial Control, Motor Starters, Motor Protection, Sheaves & Bushings, V-Belts.

Markets: Agriculture, Appliance, Compressors, Conveyors, Crane and Hoist, Food Dispensing, Food Processing, Forestry, HVAC/R, Material Handling, Mechanical, and Commercial Refrigeration, Medical Device, Mines and Quarries, Power Transmission, Paper Mills, Pumps, Refineries, Supermarket Display Cases, Transportation.

LEESON Electric / Lincoln Motors
2100 Washington Street
Grafton, Wisconsin 53024
United States
Phone: +1 262 377 8810
website: www.leeson.com

Products: Ag Motors: General Purpose Farm Duty – 1/3 thru 10HP, Fan Duty - ¼ thru 3 HP, Special Application - ¼ thru 15 HP; Extreme Duck Washdown Duty motors: Encapsulated Designs, Rigid & C-Face mounts - 1/3 thru 2 HP; Sub-Fractional HP Gearmotors: AC Parallel Shaft – 12 thru 1105 lb. in. output torque, AC Right-Angle – 12 thru 391 lb. in. output torque, DC Parallel Shaft – 10 thru 1112 lb. in. output torque, DC Right-Angle – 5 thru 135 lb. in. output torque, Washdown Duty – 25 thru 135 lb. in. output torque, IEC Stainless motors B5 and B14 Flange - 1/3 HP/0.25 KW through 2 HP/1.5 KW; AC Washdown Gearmotors - P240 Series – 60 – 391 lb. in. output torque, Right-Angle Series – 23 – 220 lb. in. output torque. Platinum e™ Permanent Magnet Motors with ultra-efficient designs that exceed the efficiency of traditional AC induction motors. Permanent magnet technology provides energy savings across a broad range of fractional and integral horsepower motors.

Markets: Food Processing, Pumps, Blowers, Material Handling, Textile Machinery, Compressors, Farm / Agriculture, Transportation, Mines and Quarries

Marathon Electric – Motors
100 East Randolph Street
Wausau, Wisconsin 54401-2568
United States
Phone: +1 715 675 3311
website: www.marathonelectric.com

Products: **XRI NEMA Premium Motors** - Introduced in 1986, Marathon Electric has been providing these high efficiency motors long before the EISA Legislation required it. **Blue MAX and Black MAX Vector Duty Motors** - Designed for high performance applications utilizing closed or open-loop vector controls or volts/hertz drives. Constant horsepower operation up to twice base speed. **SyMAX** - These Ultra-High efficient PMAC motors (Up to IE4 Efficiency) are the latest in motor technology featuring unparalleled efficiency, power density, and constant torque across the speed range. Marathon also offers a complete line of explosion proof, washdown, farm duty, pumping motors as well as extensive custom motor building capabilities.

Markets: Pulp and Paper, Agricultural, Chemical processing, Automotive, Marine, Food Processing, Oil and Gas, Steel Processing, HVAC, and Pool and Spa

Marathon Electric – Generators
100 East Randolph Street
Wausau, Wisconsin 54401-2568
United States
Phone: +1 715 675 3311
website: www.marathonelectric.com

Products: A complete line of brushless, synchronous AC generators (alternators) are available in single phase 60 Hz/50 Hz from 3 through 450 kilowatts, and three phase 60 Hz/50 Hz from 5kW through 4000kW. Standard generators include: **MAGNAPLUS®** 5kW – 430kW, Ruggedly constructed for reliable power generation, shunt powered AVR, and easy installation. **MAGNAMAX DVR®** 140kW – 2370kW, With PMG excitation support and **DVR2000E+** Digital Voltage Regulator the **MAGNAMAX DVR®** design provides transient performance to support a wide variety of linear and non-linear loads, **MAGNAPOWER™** 1425kW – 4500kW, With form wound coils, VPI insulation systems, PMG excitation support, and the **DVR2000E+** Digital Voltage Regulator, the **MAGNAPOWER™** the optimum design choice for prime power needs. Specialty generators include **Pancake** – lightweight, cast aluminum frame units for compact 240/120 volt three lead, or 120 volt two lead 60Hz applications, **LIMA®MAC** 5kW – 300kW generators are ruggedly designed for superior 3 ph motor starting capability, and are self-regulated and self-excited, providing maximum reliability in the most severe applications and environments, **Lima SER®** and **MAGNAPLUS® 400 Hz** generators 30 - 180 kVA provide aviation ground support power when and where needed.

Markets: Standby and Prime Power, OEMs & GenSet Assemblers serving Hospitals, Airports, Datacenters, Telecommunication Networks, Commercial Buildings, Emergency vehicles, Vehicular Power, Agricultural, Marine, Construction, Distributed Power Generation, Utility Applications, Heavy Industrial Power, the Oil and Gas Industries

Marathon Special Products
13300 Van Camp Road
Bowling Green, Ohio 43402
United States
Phone: +1 419 352 8441
website: www.marathonsp.com

Products: Power Blocks; Fuse Holders; Heavy Duty, Double Row, Single Row, Sectional and DIN Rail Terminal Blocks; Custom Products

Markets: Original Equipment Manufacturers (OEMs) and Electrical Panel Builders (Industrial Control Panels, Lighting and Heating Circuits, Motor Circuits, Circuit Breaker Protection, Switchgear Equipment, Appliances, Electric Heat, Air Conditioning and Refrigeration Equipment, Elevator Systems, Transformer Protection, Solar / Wind Applications, Alternate Energy, Transportation, Material Handling Equipment, Motor Control, Traffic Control, Utilities and Telecom)

Products: Generator Control Switchgear, GCS, Series 2200 and Series 2400 with our Power Generation Controller PGC 4000, Automatic Transfer Switches: ATS, TS 830, TS 840, TS 870, TS 880, Bypass Isolation Transfer Switches, Generator Control Panels UCS. Other products include Loadbanks TLB & LBO, Engine Generator Controllers MEC 310 & MEC 20, Battery Chargers BCM, Sensing Devices FSR 230, VSR 330 & BVS 1930 and remote monitoring and control software.

Markets: Emergency Power System for Commercial, Industrial, Telecom, Critical Applications such as Hospitals, Data Centers, Transportation and Agricultural Markets that require Automatic Standby Power

Unico Inc.
3725 Nicholson Road
Franksville, Wisconsin 53126-0505
United States
Phone: +1 262 886 56 78
website: www.unicous.com

Products: Drives: 1000 family for flexible general-purpose flux-vector or variable-frequency control of AC motors through 1,000 hp (750 kW). Stand-alone drive products incorporating application-specific embedded software. Modular 2000 family provides exceptional performance and versatility for single- or multi-axis AC and DC applications up to 1,300 hp (975 kW). 3100 series for variable-speed control of large DC motors in coordinated multi-axis process lines. 4700 series for multi-axis servo control of induction and brushless motors up to 5 hp (3.7 kW). **Controllers:** 4000 family including central processing units, serial and transducer interfaces, digital and analog I/O options, as well as card racks and power supplies. **Motors:** 5000 family of inverter-duty AC induction and DC industrial motors complements our drives through 1,000 hp (750 kW) AC and 500 hp (375 kW) DC. **Drive Components:** For standalone drives or systems, including isolation transformers, line reactors, harmonic filters, output filters, and braking resistors. **Systems:** Custom-engineered integrated control systems incorporating motors, drives, controls, logic, communications, human-machine interface, power control solutions, and more.

Markets: Oil and Gas, Test Stands, Coil and Metal Processing, Paper Converting, HVAC
